

# How Vision Benefits of America Works...

www.visionbenefits.com | 1-800-432-4966

**1** Enrollee visits [visionbenefits.com](http://visionbenefits.com) to verify eligibility and search for a VBA Provider in their area.

**2** Make an appointment with VBA Provider, informing them that you are a VBA covered member.

**3** VBA Provider confirms patient eligibility and provides services.

**4** VBA Provider orders materials from a VBA contracted lab, verifies accuracy and dispenses Rx to patient.

**5** VBA pays the provider for covered professional services according to the plan.
